Superlatives (World)

Superlatives (World)

The world is complete with a variety of towering structures, breathtaking landscapes and natural wonders that leave us in wonder. From the tallest mountain, Mount Everest, to the deepest ocean trench, the Mariana Trench, there are uncountable superlatives in the world to explore and admire. Some of the superlatives of the world include:

Superlatives of World	Location
Biggest Bell	Great Bell at Moscow
Tallest Animal (on land)	Giraffe
Largest Bird	Ostrich
Fastest Bird	Peregrine Falcon
Smallest Bird	Humming Bird
Tallest Building	Burj Khalifa (Dubai)
Longest Bridge (Railway)	Lower Zambeji (Africa)
Longest Big Ship Canal	Suez Canal
Tallest Office Building	Petronas Twin Towers Kuala Lumpur
Biggest Cinema House	Roxy (New York)
Busiest Canal Ship	Baltic White Sea Canal
Highest City	Wen Chuan (Tibet, China)
Biggest city (in area)	Mount Isa, Queensland, Australia
Largest City (in population)	Tokyo
Smallest Continent	Australia
Largest Continent	Asia
Largest Country (in area)	Russia

Largest Country (in population)	China
Largest Dam	Grand Coulee
Largest Coral Formation	The Great Barrier Reef
Shortest Day	December 22 (in the northern hemisphere)
Longest Day	June 21 (in the northern hemisphere)
Largest Desert (world)	Sahara Africa
Largest Delta	Sundarbans, India
Longest Epic	The Mahabharata
Largest Lake (Artificial)	Lake Volta
Largest Island	Greenland
Largest Diamond	Cullian Diamond
Highest Lake	Lake Titicaca
Largest Lake (Saltwater)	Caspian Sea
Largest Lake (Fresh Water)	Lake Superior
Biggest Library	Moscow and Library of the Congress, National Kiev Library, Washington
Largest Mosque	Masjid al- Haram Mecca, Saudi Arabia
Highest Mountain Range	Himalayas
Highest Mountain Peak (world)	Everest Nepal
Biggest Museum	British Museum (London)
Longest Mountain Range	Andes
Tallest Minaret (free standing)	Qutub Minar, Delhi

Deepest and Biggest Ocean	The Pacific
Tallest Minaret	Great Hasan Mosque, Morocco, Casablanca
Largest Palace	Imperial Palace, Beijing (China)
Largest Peninsula	Arabia
Largest Park	National Park, Greenland
Driest Place	Atacama Desert (South America)
Coldest Place or Region	Vostok (Antarctica)
Largest Planet	Jupiter
Nearest Planet (to the sun)	Mercury
Brightest and Hottest Planet	Venus
Farthest Planet (from the sun)	Neptune
Smallest Planet	Mercury
Highest Plateau	Pamir
Largest Platform (Railway)	Grand Central Terminal, New York
Longest Platform (Railway)	Gorakhpur (U.P) India
Busiest Port	Rotterdam (the Netherlands)
Largest Port	Port of Rotterdam & Europoort Port
Longest Railway	Trans Siberian Railway
Longest River	Nile
Largest Sea Bird	Albatross
Longest River Dam	Hirakund Dam (Odisha)
Tallest Statue	Statue of Liberty, New York
Tallest Tower	Tokyo Sky Tree
Tallest Statue (bronze)	Bronze Statue of Lord Buddha, Tokyo

Brightest Star	Sirius
Largest Sea (inland)	Caspian Sea
Highest Volcano	Ojas del Salado, Andes, Argentine- Chile
Longest Tunnel (Road)	Laerdal, Norway
Longest and Largest Canal Tunel	Le Rove Tunnel
Longest and Deepest Rail Tunnel	Seikan Tunnel
Largest Volcano	Mauna Loa (Hawaii)
Longest Wall	Great Wall of China
Longest Strait	Tartar Straits
Highest Waterfall	Salto Angel Falls
Largest Bay	Hudson Bay, Canada
Largest Archipelago	Indonesia
Largest Gulf	Gulf of Mexico, Shoreline
Largest River Basin	Amazon Basin
Tallest Active Geyser	Giant Yellowstone Park U.S.A (200 feet high)
Largest Gorge	Grand Canyon
Highest Melting Point	Tungsten
Lightest Metal	Lithium
Lightest Gas	Hydrogen
Hardest Substance	Diamond
Longest Animal	Blue Whale
The longest life span of an animal	190 to 200 years (Giant Tortoise)

Fastest Animal	Cheetah
Largest Land Animal	African Bush Elephant
Longest Jump Animal	Kangaroo
Longest wing spread bird	Wandering Albatross
Slowest Animal	Snail
Longest Poisonous Snake	King Cobra
Fastest Dog	Persian Grey Hound
Largest Stadium	Strahov Stadium in Prague
Biggest Flower	Rafflesia arnoldii
Largest Temple	Angkor Vat
Largest Chruch	Basilica of St. Peter Vatican City, Rome
Largest Diamond Mine	Kimberley
Largest River in Volume	Amazon Brazil
Longest Corridor	Rameshwaram Temple's Corridor (5000 feet)
Highest Straight Dam	Bhakhra Dam
Highest Capital City	La Paz Bolivia
Largest Democracy	India
Largest Asian Desert	Gobi, Mongolia
Largest animal of the cat family	Lion
Most Intelligent Animal	Chimpanzee
A bird that never makes its nest	Cuckoo
Wingless Bird	Kiwi
Largest Mammal	Whale

Reptile which changes its colours	Chameleon

Natural World

- Biggest Bell: Tsar Bell (Moscow, Russia) - The world's heaviest bell, though it was never rung due to damage.
- Tallest Animal (on land): Giraffe - Known for their incredibly long necks.
- Largest Bird: Ostrich - The largest living bird species.
- Fastest Bird: Peregrine Falcon - The fastest animal on Earth, capable of diving at speeds exceeding 200 mph.
- Smallest Bird: Bee Hummingbird - The smallest bird in the world, weighing less than a penny.

Human-Made Structures

- Tallest Building: Burj Khalifa (Dubai, UAE) - The world's tallest building, standing at over 828 meters.
- Longest Bridge (Railway): Danyang–Kunshan Grand Bridge (China) - The world's longest railway bridge, spanning over 100 kilometres.
- Longest Big Ship Canal: Suez Canal (Egypt) - A crucial waterway connecting the Mediterranean Sea to the Red Sea.
- Tallest Office Building: Petronas Twin Towers (Kuala Lumpur, Malaysia) - Iconic twin skyscrapers.
- Biggest Cinema House: Roxy Theatre (New York City, USA) - Once a grand movie palace.
- Busiest Canal Ship: Baltic Sea-White Sea Canal (Russia) - A vital waterway for Russian shipping.
- Highest City: Wenchuan County (Tibet, China) - One of the highest permanently inhabited places on Earth.

Geographic Extremes

- Biggest city (in area): Mount Isa (Queensland, Australia) - A vast mining city covering a large area.
- Largest City (in population): Tokyo (Japan) - The world's most populous city.
- Smallest Continent: Australia - The smallest of the seven continents.
- Largest Continent: Asia - The largest and most populous continent.
- Largest Country (in area): Russia - The world's largest country by land area.
- Largest Country (in population): China - The world's most populous country.
- Largest Dam: Grand Coulee Dam (Washington, USA) - A massive hydroelectric dam.
- Largest Coral Formation: Great Barrier Reef (Australia) - The world's largest coral reef system.
- Shortest Day: December 22 (Northern Hemisphere) - The shortest day of the year in the Northern Hemisphere.
- Longest Day: June 21 (Northern Hemisphere) - The longest day of the year in the Northern Hemisphere.
- Largest Desert (world): Sahara Desert (Africa) - The world's largest hot desert.
- Largest Delta: Sundarbans (India and Bangladesh) - The world's largest delta.
- Longest Epic: Mahabharata - An ancient Indian epic.
- Largest Lake (Artificial): Lake Volta (Ghana) - The world's largest artificial lake.
- Largest Island: Greenland - The world's largest island.
- Largest Diamond: Cullinan Diamond - The largest gem-quality rough diamond ever found.
- Highest Lake: Lake Titicaca (Peru and Bolivia) - The highest navigable lake in the world.
- Largest Lake (Saltwater): Caspian Sea - The largest enclosed inland body of water.
- Largest Lake (Fresh water): Lake Superior (North America) - The largest freshwater lake by surface area.
- Biggest Library: Library of Congress (Washington, D.C., USA) - One of the world's largest libraries.
- Largest Mosque: Masjid al-Haram (Mecca, Saudi Arabia) - The largest mosque in the world.
- Highest Mountain Range: Himalayas - The world's highest mountain range.
- Highest Mountain Peak (world): Mount Everest (Nepal and China) - The Earth's highest mountain peak.

testbook PASS PRO MAX

- Biggest Museum: British Museum (London, UK) - One of the world's largest and oldest museums.
- Longest Mountain Range: Andes - The world's longest mountain range.
- Tallest Minaret (free-standing): Qutub Minar (Delhi, India) - A magnificent minaret.
- Deepest and Biggest Ocean: Pacific Ocean - The world's largest and deepest ocean.
- Tallest Minaret: Great Hassan Mosque (Casablanca, Morocco) - The tallest minaret in the world.
- Largest Palace: Forbidden City (Beijing, China) - A vast imperial palace complex.
- Largest Peninsula: Arabian Peninsula - The world's largest peninsula.
- Largest Park: Northeast Greenland National Park (Greenland) - The world's largest national park.
- Driest Place: Atacama Desert (South America) - One of the driest places on Earth.
- Coldest Place or Region: Vostok Station (Antarctica) - The coldest place on Earth.

Other Records

- Highest Plateau: Pamir Mountains (Central Asia) - One of the highest plateaus in the world.
- Largest Platform (Railway): Grand Central Terminal (New York City, USA) - One of the world's largest railway terminals.
- Longest Platform (Railway): Gorakhpur Junction (India) - The world's longest railway platform.
- Busiest Port: Port of Shanghai (China) - The world's busiest port by cargo throughput.
- Largest Port: Port of Rotterdam (Netherlands) - One of the world's largest ports.
- Longest Railway: Trans-Siberian Railway (Russia) - The world's longest railway.
- Longest River: Nile River (Africa) - The world's longest river.
- Largest Sea-Bird: Albatross - Large seabirds known for their long wingspan.
- Longest River Dam: Hirakud Dam (India) - One of the longest earthen dams in the world.
- Tallest Statue: Statue of Liberty (New York City, USA) - A symbol of freedom and democracy.
- Tallest Tower: Tokyo Skytree (Tokyo, Japan) - The world's tallest freestanding tower.

testbook PASS PRO MAX

- Tallest Statue (bronze): Great Buddha of Kamakura (Japan) - One of the tallest bronze statues in the world.
- Brightest Star: Sirius - The brightest star in the night sky.
- Largest Sea (inland): Caspian Sea - The world's largest enclosed inland body of water.
- Highest Volcano: Ojos del Salado (Argentina and Chile) - The highest active volcano in the world.
- Longest Tunnel (Road): Laerdal Tunnel (Norway) - The world's longest road tunnel.
- Longest and Largest Canal Tunnel: Le Rove Tunnel (France) - One of the world's longest and largest canal tunnels.
- Longest and Deepest Rail Tunnel: Seikan Tunnel (Japan) - The world's longest and deepest railway tunnel.
- Largest Volcano: Mauna Loa (Hawaii, USA) - The world's largest active volcano.
- Longest Wall: Great Wall of China - The world's longest wall.
- Longest Strait: Tatar Strait (Russia) - The world's longest strait.
- Highest Waterfall: Angel Falls (Venezuela) - The world's highest uninterrupted waterfall.
- Largest Bay: Hudson Bay (Canada) - One of the largest bays in the world.
- Largest Archipelago: Indonesia - The world's largest archipelago.
- Largest Gulf: Gulf of Mexico - One of the largest gulfs in the world.
- Largest River Basin: Amazon Basin (South America) - The world's largest river basin.
- Tallest Active Geyser: Steamboat Geyser (Yellowstone National Park, USA) - The tallest active geyser in the world.
- Largest Gorge: Grand Canyon (Arizona, USA) - One of the world's largest and deepest canyons.
- Highest Melting Point: Tungsten - The element with the highest melting point.
- Lightest Metal: Lithium - The lightest metal.
- Lightest Gas: Hydrogen - The lightest element.
- Hardest Substance: Diamond - The hardest natural mineral.
- Longest Animal: Blue Whale - The largest animal on Earth.
- Longest Life Span of an Animal: Giant Tortoise - Some giant tortoises can live over 100 years.
- Fastest Animal: Cheetah - The fastest land animal.

- Largest Land Animal: African Bush Elephant - The largest land mammal.
- Longest Jump Animal: Kangaroo - Known for their powerful leaps.
- Longest Wingspan Bird: Wandering Albatross - The bird with the largest wingspan.
- Slowest Animal: Snail - One of the slowest animals.
- Longest Poisonous Snake: King Cobra - The world's longest venomous snake.
- Fastest Dog: Greyhound - The fastest dog breed.

Natural Wonders

- Largest Stadium: Strahov Stadium (Prague, Czech Republic): This massive stadium, once used for physical education exercises, holds the record for the largest playing field in the world.
- Biggest Flower: Rafflesia arnoldii (Southeast Asia): Renowned for its enormous size and unpleasant odour, this parasitic flower is the largest individual flower on Earth.
- Largest Mammal: Blue Whale: The largest animal on Earth, these gentle giants roam the oceans.
- Largest Reptile: Saltwater Crocodile: These apex predators can grow to massive sizes and are found in coastal waters of Australia, Southeast Asia, and India.

Human-Made Structures

- Largest Temple: Angkor Wat (Cambodia): This magnificent temple complex is the largest religious monument in the world.
- Largest Church: St. Peter's Basilica (Vatican City, Rome): One of the most iconic religious buildings, it's renowned for its immense size and stunning architecture.
- Largest Diamond Mine: Kimberley Mine (South Africa): This historic mine produced some of the world's largest diamonds.
- Largest River in Volume: Amazon River (South America): The world's largest river by discharge volume.
- Longest Corridor: Rameshwaram Temple Corridor (India): This sprawling corridor is a significant pilgrimage site.
- Highest Straight Dam: Bhakra Dam (India): A massive concrete gravity dam.

Cultural and Geographic Extremes

- Highest Capital City: La Paz (Bolivia): Situated at a high altitude, it's one of the highest capital cities in the world.
- Largest Democracy: India: The world's largest democracy by population.
- Largest Asian Desert: Gobi Desert (Mongolia): A vast desert region in Asia.

Animal Kingdom

- The largest animal of the cat family the lion: Known for their social structure and powerful roars.
- Most Intelligent Animal: Chimpanzee: Our closest relatives, they exhibit remarkable intelligence and problem-solving abilities.
- A bird that never makes its nest: Cuckoo: These birds are known for their brood parasitism, laying their eggs in the nests of other bird species.
- Wingless Bird: Kiwi: A flightless bird native to New Zealand.
- Reptile which changes its colours: Chameleon: These lizards are masters of camouflage, changing their skin colour to blend in with their surroundings.
